A pleasant surprise would be awaiting yourselves by the time we are in the middle of this month. Details of the same would be shared in the due course of time.

## Coffee Delight

The story goes that the Goat Herder Kaldi in Ethiopia discovered coffee after noticing that after eating the berries from a certain tree, his goats became so energetic they did not want to sleep at night.

Kaldi reported his findings to the abbot of the local monastery, who made a drink with the berries and found that it kept him alert through the long hours of evening prayer. The abbot shared his discovery with the other monks at the monastery, and knowledge of the energizing berries began to spread.

As word moved east and coffee reached the Arabian peninsula, it began a journey which would bring these beans across the globe.

## CORPORATE HUMOR

I use artificial sweetener at work. I add it to everything I say to my boss.

I like work. It fascinates me. I sit and look at it for hours.

My biggest professional ambition is to get a desk where no one can see my computer monitor but me.

He who smiles in a crisis has found someone to blame.

I'm out of bed and dressed. What more do you want?
